Physics Baccalaureate

Jabir Ibn Haiyan
2019 - 2020

SKILLS

- ASP.NET CORE, API Technologies
- Blazor - Radzen, Angular - PrimeNG
- C#, TypeScript, Python, Selenium
- .NET MAUI for Hybrid Mobile Development
- Clean Architecture, DDD, Design Patterns
- Entity Framework Core, SQL Server
- Agile & Scrum Methodologies
- Debugging, Performance Optimization, Exception Handling

LANGUAGES

- Arabic - Native
- English - Proficient
- French - Intermediate

Innovative .NET Developer driven by a passion for building cutting-edge solutions with ASP.NET Core, Blazor, .NET MAUI, and Angular. Thinks beyond convention, mastering clean architecture, DDD, and scalable systems to push the limits of modern development.

EXPERIENCE

.NET Analyst Developer

DXC Technology | Jun 2024 – Present | Rabat, Technopolis

- Work on complex legacy enterprise systems using C#, ASP.NET Framework, jQuery, and Visual Basic, ensuring reliability and efficiency.
- Troubleshoot and maintain critical applications while optimizing performance and stability.
- Collaborating with the team to implement efficient solutions and add new features

Fullstack .NET | Blazor Developer

DXC Technology (Intern) | Mar 2024 – May 2024 | Rabat, Technopolis

- Developed web and mobile applications using ASP.NET Core Web API, Blazor, and .NET MAUI.
- Followed clean architecture principles, implemented design patterns, and optimized performance.
- Worked in an agile team, solving complex challenges and ensuring high-quality code.

Fullstack .NET | Angular Developer

JobInTech | Oct 2023 - Feb 2024 | Université Internationale de Rabat

- Engaged in full-stack development projects using .NET Core, Angular, and RESTful APIs.
- Strengthened problem-solving, unit testing, and software design principles.
- Stayed up-to-date with industry trends to continuously improve development skills.

.NET Web Developer

MEGADEV (Intern) | Jun 2023 – Sep 2023 | Salé

- Developed the AutoParc system with ASP.NET Core, handling maintenance, accident tracking, and document management.
- Designed key features to improve functionality and user experience.
- Worked closely with the team to deliver efficient and scalable solutions.
